# The Capital Library of China

Dear colleagues,  
Hello everyone!  
It's a great honor to be able to attend this  
conference.

**The Capital Library of China**

A photograph of a modern building with large windows and a tree with white and pink blossoms in the foreground. The building is light-colored with a grid of windows. The tree is in the upper left corner, with branches extending across the top of the frame. The sky is a clear, bright blue.

The participants of the Capital Library of China include the colleagues from the Acquisitions and Cataloguing Department, Historical Documents Center, Beijing Local Documents Center. They have been engaged in the processing and digitization of library literature resources for a long time.

**The Capital Library of China**

A photograph of a modern building with a large window reflecting the sky, with cherry blossom branches in the foreground. The text is overlaid on the right side of the image.

As the Beijing Ancient Books Protection Center, the capital library's Historical Documents Center has cooperated with Beijing municipal units for a long time to assist relevant national units in the maintenance, restoration and digitization of ancient books in Beijing.

**The Capital Library of China**

A photograph of cherry blossoms in the foreground, with a modern building in the background. The blossoms are white with pinkish centers and are in full bloom. The building is a multi-story structure with large windows, and the sky is a clear, bright blue. The text is overlaid on the right side of the image.

The Beijing Local Documents Center has a reference and research level literature resource system of Beijing local literature collection. The "Beijing memory" has completed 1200 kinds of digital documents with a total data volume of 25t. As the data center of the capital library, the acquisition and editing center has mastered the core of document metadata processing and digitization of the whole library.

**The Capital Library of China**

As the data center of the capital library, the Acquisitions and Cataloguing Department grasps the core of metadata processing and digitization of the whole library.

**The Capital Library of China**

We know that European digital libraries are developing rapidly, and actively promote the digital transformation of cultural heritage acquisition and utilization, and promote cooperation and sharing.

Pagoda project is also of great significance for the protection and inheritance of China's excellent cultural heritage.

**The Capital Library of China**

首都图书馆

The CLCN hopes to exchange digital experience of ancient books and precious cultural relics with international counterparts.
